 Total Footprint 135 m<sup>2</sup>

One Metre   
 Scale Ratio 1:100

Breeze is a modern take on the classic Australian pitched-roof home. The Breeze house's dramatic raked internal ceilings rise to 3.4 metres, providing generous proportions to the internal space.

The intelligent floorplan separates the main bedroom wing from the other bedrooms using a centrally located kitchen, meals and living area, while a separate laundry connects to the outside.
