 Total Footprint 159 m²

One Metre 
 Scale Ratio 1:100

Eve sits beautifully in a countryside or beach setting, opening to the elements with an expansive alfresco area.

The Eve house sits low on its environment, and brings the outdoors in to form an essential part of the living space.

Clad in Weathertex and optional hardwood, this design makes a feature of horizontal lines, with the roof plane floating over the deck to create a large covered entertaining area that extends the living space.
